APRIL

sunday	monday	tuesday	wednesday	thursday	friday	saturday
				1	2	3
					dig in seed potatoes good friday	
4	5	6	7	8	9	10
easter						
11	12	13	14	15	16	17
18	19	20	21	22	23	24
25	26	27	28	29	30	
Plant cool season crops by seed in succession - a few every week to have a good continuing crop <i>garlic (if not planted last fall), peas, lettuce, kale, spinach, cilantro - all like to germinate in cool weather and will bolt quickly when hot</i>
